

Pen Tool Practice Assignments:

1. Go to the following website and play the game: <http://bezier.method.ac/>
2. Follow the tutorial in class to recreate the Fleur de Lis.
3. Follow the tutorial in class to recreate the Bee.

Homework:

Draw your own object, scan it onto a computer or take a photo and upload the photo, and recreate it with the pen tool

1. Draw a simple object or character that you want to recreate.
2. Scan your image into the computer.
3. Add an Artboard to your Project 1 Illustrator document.
4. Use the pen tool to outline the drawing. Pay attention to any parts of your drawing that can be made with shapes.
5. Put your character on the **front** layer, lower the opacity on it, then lock it.
6. Create a new layer called “working layer” and build your illustration there.
7. Be as PRECISE as possible!
